Please comment on any aspects that you found particularly satisfactory or unsatisfactory.

- 1. Material covered (what you expected or wanted from the course).

I was looking for the basics of a 'new' language, and I feel confident that is what I got.

- 2. Assignments/exams (clarity, size, difficulty, grading standards).

Quizzes & exams were a bit much, but that's to be expected. I didn't understand how I could ace exams & measure tests.

- 3. Text and/or handouts (readable, helpful?).

Text was almost unnecessary!

- 4. Other (pace, instructor's style, etc.).

Great job Chad! I enjoyed anything from the wacky examples to the pop class.

Response circles for each question, numbered 1 through 4, with sub-numbers 1-9 and a 0.
