

Chapter 2.4-3.1 Quiz (CS 1590, 2/14/2013)

Name:

1. True/False

_____ The Omnibus Crime Control and Safe Streets (1968) explicitly allowed wiretapping and electronic surveillance by law enforcement agencies with a warrant.

_____ Broadcast media traditionally has had the strongest First Amendment protection (meaning the *fewest* regulatory restrictions) while print media has the weakest.

_____ Your Social Security Number would be good to use as a National ID for US citizens

_____ All “speech” is protected by the First Amendment.

_____ Decryption technology transforms data into a form that is meaningless to anyone who might intercept it.

_____ The inviolate personality view or privacy argues that there is no independent right to privacy.

_____ The free market view of rights/laws does not respect the diversity of individual values

_____ The consumer protection view believes in the response of the market to consumer preferences.

2. Multiple Choice

The Communications Assistance for Law Enforcement Act (CALEA) said that

- (a) a key escrow system must be provided so that communications can be decrypted (with a court order)
- (b) agents of a foreign power may be wiretapped with authorization from a secret court
- (c) telecommunications equipment must be designed to allow the interception of telephone calls (with a court order)
- (d) email should have the same degree of legal protection as telephone calls

3. Short Answer

- (a) Decrypt “RVJA” using the Caesar Cipher with Key=27.
